Challenge 15 (13000 XP)

Water Breathing. The deep merfolk can breath only underwater.

ACTIONS

Multitack. The Deep Merfolk makes 3 attacks, two with its piercing claws and one with its bite. If both piercing claw attacks hit the same creature, that creature is grappled (escape DC 16) and the deep merfolk cannot use its claw attacks against another creature as long as the grapple is maintained.

Piercing Claw. Melee Weapon Attack: +13 to hit, reach 15 ft., one target. Hit: 26 (4d8+8) piercing damage. If the target is a Large or smaller creature it is grappled (escape DC 16). The deep merfolk has two hands, each of which can grapple one creature.

Bite. Melee Weapon Attack: +13 to hit, reach 10 ft., one target. Hit: 35 (5d8+8) piercing damage.

Tail. Melee Weapon Attack: +13 to hit, reach 25 ft., one target. Hit: 52 (8d10+8) bludgeoning damage. If the target is a creature it must succeed on a DC 21 Strength saving throw or be pushed up to 20 feet away from the deep merfolk and knocked prone.

Lure. The deep merfolk lights up the glowing tip of the long tendrill attached to its head. The lure occupies a single space anywhere within 20 feet of the deep merfolk and sheds dim light in a 10-foot radius. This light is visible up to 200 feet away. Any creature that can see the light must succeed on a DC 18 Wisdom saving throw or be charmed by the deep merfolk. A charmed creature can take no actions and if it is more than 5 feet away from the lure on its turn it must move towards the lure by the most direct route, avoiding obvious dangers.

The charm ends if the light is extinguished, which the deep merfolk can do as a bonus action or if the light is destroyed. The lure has AC 14, 50 hit points, and immunity to poison and psychic damage. Whenever a charmed target takes damage it can repeat the saving throw, ending the effect on a success.

A target that successfully saves is immune to this deep merfolk's lure for the next 24 hours.

Vortex. The deep merfolk inhales water in a 25-foot cone. Each Medium or smaller creature in that area must make a DC 19 Strength saving throw or be dragged into the merfolk's mouth and swallowed. While swallowed, the target is blinded and restrained, it has total cover against attacks and other effects outside the deep merfolk, and it takes 27 (5d10) slashing damage at the start of each of the deep merfolk's turns.

If the merfolk takes 30 damage or more on a single turn from a creature inside it, the merfolk must succeed on a DC 20 Constitution saving throw at the end of that turn or regurgitate all swallowed creatures, which fall prone in a space within 10 feet of the merfolk. If the merfolk dies, a swallowed creature is no longer restrained by it and can escape from the corpse by using 20 feet of movement, ending prone.

The deep merfolk can have up to 6 Medium creatures swallowed at one time. Two Small creatures or eight Tiny creatures count as one Medium creature.
